SEPTEMBER 19<sup>TH</sup> TO OCTOBER 20<sup>TH</sup> 2019

Detailed introduction and tour of the dental school involving preclinical labs, clinics and research work area by the Placement coordinator Dr Sowmya Shetty. Introduced to the head of school Prof Pauline Ford and the Dent SAS team

Also attended the Herston vibes , a de-stressing program which is conducted every year which involves musical sessions and pup therapy.

Had clinical sessions with grade 4 under the guidance of Dr Jessica Zachar.

Oral health centre.

Medical school

Head of Dental school Prof Pauline Ford and Placement coordinator Dr Sowmya Shetty

Anatomy discussion with Dr. Jessica Zachar and the grade 2 students.

The skull was made up of magnets in the end so as to learn which bones is placed in what position. Had a great time putting all the pieces back together just like zig saw puzzle.

Glester in the simulative anatomy lab

With Dr. Jessica Zachar, year 2 students and the simulative anatomic magnetic skull.

### Postgraduate case discussion session

Postgraduate case discussion session with Dr George Bogen and later on had endodontics clinical sessions under the guidance of Dr George Bogen . Also attended Prosthodontics clinical sessions under guidance of Dr Bilal and Dr David Thompson.
